

Satisfaction Survey	<p>recruit/nominate in the spring and over the summer and vote at the start of the school year, but we are starting late this year. Discussed expanding the purpose of this committee to include general recruitment and outreach for the Coalition. Challenge of this is that it is an ad hoc group, only meeting a few times probably, and we are stretched thin right now, so creating another work group might be unrealistic.</p> <p>Ideas for members included: a chair from the parent work group, one or two youth (a SADD member, plus members of other organizations, or anyone interested from the high school; we can recruit from whole school). Discussed importance of explaining expectations of members. Discussed pros and cons of having a short application process.</p> <p>The parent survey will end on 6/19. The satisfaction survey should begin after this date to not overwhelm or confuse respondents. Discussed how many rewards should be offered as a large enough incentive. Decided on vague wording. Discussed including a question aimed at gathering information about how to best structure meetings and frequency and what would draw more members to be active.</p>	<p>Bryan will send Ruth the template for recruitment and service work he created for Mayor's Youth Council. Ruth will follow up with Bryan and/or Mayor about the Youth Council and role Coalition can play.</p> <p>Ruth/Beth will make changes to the survey. Executive Committee members will be asked for feedback via email over the next few weeks. Final approval on June 23 or via email. Ruth will check if school website is promoting the parent survey.</p>
Future Meetings	Consensus that combining Exec Comm and full coalition meetings are difficult and not ideal, and that separating them is better.	Next Executive Committee meeting is June 23, 2015 at 5:30pm.
